ANNOUNCER

Atlanta's newest 4 start restaurant is finally open. Dover's is more than a meal, it's an experience so let's hear what people have to say.

SERIES OF SHOTS OF DIFFERENT PEOPLE BEING INTERVIEWED IN FRONT OF THE RESTAURANT.

JAMES

It was ok, my steak was a little dry.

JIMMY

We tried to get into The Swordfish Grill but they were full, so we Googled empty restaurants on a Friday night and Dover's came right up.

SIENNA

Really!? Your house wine is Sutter Home and it's still \$20 a bottle!?

JENN

It has a weird smell, do you know what that is?

SETH

I was looking for Old People Food, so here we are. Gram gram loved it. Me? (shrug) meh.

CARSEN

There certainly was a lot of swearing coming from the kitchen.

JIMMY

The hostess is my ex-girlfriend. I know that's not their fault but still, I'm never coming back.

MATT

When I asked the waiter what was in the soup, he said "A big old hunk of none of your god damn business, that's what's in the soup."

ANN

My table had gum stuck to the bottom and top.

JAMES

I think having just one bathroom stall for a restaurant that sits 100 people is just asking for trouble.

JIMMY

I didn't get the decor. Were they trying to be ironic or did someone think slasher films were a good look.

SETH

The guy's dog sitting next to me on the patio kept humping my leg. After an hour or so, I finally let him finish.

SIENNA

Is this video going to be on Apple + because I don't get Apple + I mean, I get it on a conceptional level, I just don't pay for it.

JENN

When I heard "This is compliments of the chief", I wasn't expected a napkin with the words Nice Ass written on it.

CARSEN

I really like that I could get food from The Swordfish Grill delivered to Dovers so I didn't have to eat their crap.

MATT

The bus boys looked more like bus men.

ANN

Wasn't this place featured on Hell's Kitchen?

JAMES

The bathroom had way more security cameras than I'm comfortable with.

CUT BACK TO ANNOUNCER

ANNOUNCER

There you have it, everyone agrees - we really should have thought this through better. Dovers, sorry about that.
