CASE REPORT NARRATIVE

In Summary: The complainant (Vera Kisliak) walked into the Buffalo Grove Police Station to make a report of a domestic family problem. Vera stated her husband (Andrei Kisliak) has taken possession of the keys of all four of their vehicles, has disconnected service to her cell phone, has changed the WIFI password to the house and has taken full control of their finances leaving her with no money. Vera stated the vehicles along with the cell phone service and the house bills are in Andrei's name. Vera told us Andrei has done this in the past, however they were able to work their problems out. Vera stated he has also used her social security to open one credit card in which she is aware of but is unsure if he has opened other accounts in her name.

Vera stated they have two young children together and believes Andrei is speaking with a divorce attorney because she overheard a phone conversation from a few days ago. As of recent, Vera said she started working a new job but has been using a majority of her money for transportation to and from work. Vera was seeking legal assistance along with any other resources or services BGPD may be able to offer. She mentioned she could possibly need the assistance of a Russian translator due to her limited English. I provided Vera with BGPD social worker's information along with information on contacting the three major credit bureaus. Vera mentioned due to her cell phone service being disconnected, email currently is the best way to contact her. She was satisfied and stated she would contact the BGPD social worker for information.

NFI at this time.

CASE REPORT NARRATIVE

In summary, Andrei Kisliak called 911 to report that his wife, Vera Kisliak (divorce pending) stole the keys to his BMW bearing IL registration. He stated he was advised by his attorney via email to leave a house key and the key to the BMW bearing IL registration on the kitchen counter. I observed a house key and a broken BMW key on the kitchen counter.

He stated he kept the key to his other BMW on the kitchen counter and said that when he came downstairs the key was missing. He accused Vera of stealing the key. I advised Andrei that because they are still married she has the same ownership of the key as he does. She cannot steal what belongs to both of them. He requested to document that she took the key to his car without his permission. I called Vera and left a voice message.

At 1922 hours Vera called 911 to report that she cannot get into the house because Andrei locked her out. I met with Vera and her at the side of the driveway. She told me that Andrei changed the codes on the garage and rear doors. She showed me a court order that stated Andrei was supposed to leave her a house key and the key to her BMW on the kitchen counter. She told me the key to the BMW was broken and the car was out of fuel. She stated she is in fear for her and her kid's safety. She was unable to explain why and stated that there has never been a physical altercation between them. She requested I speak with Andrei and tell him to stay away from her. Vera stated she will stay away from Andrei. I asked Vera about the missing key and she stated at the advise of her attorney she took the key.

I spoke with Andrei who stated he did not change the codes to the doors, but said he deactivated them because he feared someone may hack them. The front door is the only door that is keyed. Andrei stated he would stay away from Vera.

CASE REPORT NARRATIVE

In summary,

year. She explained, he started yelling at her and threatened to kill her. She stated, she tried to record his behavior on her phone, but he grabbed her phone and threw it to the ground. She did show us a phone that had a damaged screen.

While we were speaking with Vera, Andrei came outside and stood on the porch. We went and spoke with him. He confirmed the part about her coming into his bedroom, but stated she started screaming at him about taking the kids out of public school and putting them in day care. He admitted to yelling back at her, but denied threatening to kill her or damaging the phone. He went back inside his house and retreated to his bedroom.

We asked Vera if she had any evidence to substantiate her claim and she stated she did not. She said she was scared to stay at the house tonight, so we offered to take her to a hotel. She did not wish to leave for the night. We suggested she talks to her lawyer about an Order of protection. She stated she would contact her lawyer first thing in the morning. We stood by while she entered the residence to make sure there were no further arguments.

Nothing further at this time.

CASE REPORT NARRATIVE

In summary, [redacted] called 911 to report that a father at Mistiko cafe is hitting 4-year-old and 6-year-old girls. She stated the father seemed intoxicated. LCSO requested BGPD respond.

Ofc. Wojs, Ofc Rygiel, Ofc Officer and I arrived on scene. I located the father identified as Andrei Kisliak. He was sitting on the patio with his two juvenile daughters. Andrei appeared intoxicated. He told me that some unknown female picked up his child. I asked him if he was hitting his children and he denied it. He stated he picked up his girls from school and came to Mistiko Cafe at approximately 1700 hours. The call came out at 2053 hours. He stated he took his daughters to get their hair done and then out for ice cream.

I spoke with the complainant who stated she was in the bar area when she observed the two girls sitting at the bar from the corner of her eye. She did not see him hitting the girls. She said the father left the girls alone at the bar for at least 20 minutes. She spoke with the 6-year-old juvenile who told her she was afraid to go home. She told [redacted] that the father Kisliak hits them and their mother at home. She said he hits her in the arm near the biceps. She said she did not see any bruises on the juveniles. She then called 911.

I spoke with the 6-year-old juvenile in front of Kisliak. She stated that her father does not hit her. I asked her if she was afraid to go home and she said no. But she placed her thumb in between her two fingers. I asked what does that mean and she stated that her father pinches her nose.

Kisliak's friend, [redacted] came to Mistiko [redacted] stated he was there to give Kisliak and his daughters a ride home. Kisliak stated he asked him to come because his car is being left in the parking lot for his mechanic to pick up.

Prior to leaving, Mistiko's owner approached me and stated that Kisliak has been there with the girls for several hours and that the girls were happy and nothing was wrong. He was not sure why the complainant called 911.

I completed the DCFS Cants 5 form online. DCFS online report

CASE REPORT NARRATIVE

she tried to go into another room with their two children (six years old and four years old) but Andrei followed her and was attempting to get the children to leave the room with him.

Upon our arrival, I met with Vera. She stated she and Andrei are going through a divorce and they have a custody hearing coming up soon. Vera stated she was attempting to put her children to bed but Andrei entered the room and was preventing her from putting them to sleep. She stated she told him to leave but he refused and wouldn't leave the room. Vera said Andrei threatened to punch one of their children if they didn't leave the room with him. Vera stated the argument was only verbal and she would like to leave with her children tonight.

Andrei said he was trying to say good night to his children but Vera would not let him. He denied threatening to strike anyone and stated he only wanted to say goodnight but Vera was bringing their children into her room to sleep. He stated he didn't care if Vera left but refused to let her leave with the children. I advised him until they have a court custody agreement Vera was allowed to leave with the children. Andrei was not pleased with this and I suggested he speak with his attorney about the custody agreements.

BGPD stood by while Vera gathered some belongings for the children and left the residence with them.

Both parties were provided with my business card with the case report number on it.

No further BGPD assistance needed.

She asked me to call her husband, Andrei, and see if he would tell me what time he would be bringing their children home. I called Andrei and he did not answer my call. I called Vera back and left her a message.

CASE REPORT NARRATIVE

In Summary: Vera Kisliak stated she suspects her husband took her vehicle from their home's driveway between the hours of 0020 - 0800 on 09/05/2022. Vera told me she and her husband (Andrei Kisliak) are in the process of getting a divorce and she has a court order stating Andrei must provide her with their 2011 BMW Alpina (IL plates

According to Vera, her attorney reached out to Andrei's attorney via telephone on 09/06/2022, regarding this incident and Andrei denied taking the vehicle and does not know where it is. Vera told me the vehicle is always locked and there are two keys and Andrei is in possession of one of the keys.

Vera stated her house has a Ring doorbell security camera that may show Andrei taking the vehicle from the driveway, however Andrei has blocked her from accessing the camera. I spoke with their neighbor (Acacia Ter) who also has a Ring doorbell security camera however he stated his cameras settings are set to only record when motion is detected on his properties front steps and the camera would not have captured any footage from the Kisliak's driveway.

I spoke with Andrei via telephone who denied taking the vehicle and requested I do not report the vehicle as stolen because he wants to "look for it" with Vera. Andrei stated he doesn't have the spare key and since he cant have any contact with Vera per court order, he requested if I can ask Vera to search the home for the spare key, and if found, ask for her to turn it into the Buffalo Grove police department so he can retrieve it from the station. I explained to Andrei that if he and Vera have no knowledge of how their vehicle went missing from their driveway, I can report it as stolen via LEADS and he denied my request a second time and stated he will look for it himself. I relayed Andrei's message to Vera.

Per Vera's attorney she was advised to document this incident because he is trying to schedule an emergency court hearing for this week. I provided Vera with a Buffalo Grove police report number and advised her to contact the police with any new information.

CASE REPORT NARRATIVE

In summary, Sgt. Hansen, Ofc. Bock, and I responded to the listed location for an unwanted subject. NWCD advised an uncooperative male subject, Andrei, was upset his wife had a visitor over sleeping in their daughter's room. He claimed there was a court order not allowing visitors over at the house pending their divorce. Upon arrival we spoke with Andrei who was sitting outside of the front door. He was making accusations against his wife, Vera, and babysitter, _____, being under the influence of alcohol and unknown drugs. He was not able to show us a court order regarding visitors not being allowed to sleep over. Andrei was argumentative and refused to leave unless left the house.

Vera explained she was sleeping and heard Andrei making noise in the upstairs bedroom. She showed us a court order which indicated Andrei was not allowed in the house. However he still has his house keys. Vera admitted to drinking wine with _____ earlier in the evening and appeared fine. _____ decided to leave the house since Andrei refused to leave the property unless she did.

Andrei agreed to leave the house, but asked to gather a few belongings from his bedroom. We stood by and drove him to the Super 8 Motel in Mundelein.

Nothing further.

CASE REPORT NARRATIVE

In summary: Lt. Nugent and I met with Vera Kisliak at her home, where she explained her estranged husband, Andrei Kisliak, was upstairs in bed, which violates the order of protection (OOP) Vera has against Andrei (LEADS #:

The OOP is valid, having been served by Lake County Deputy Heiny #1267 on 09/14/22 in open court (expires 10/03/22).

I spoke with Vera who explained her two young children were asleep in the home and unaware of the current situation.

Andrei was located in the primary bedroom; he requested to be examined by Buffalo Grove paramedics, who attempted to tend to Andrei, but Andrei was uncooperative. Andrei refused to put shoes on, walk to the ambulance, or be further treated by paramedics. Andrei was given numerous opportunities to cooperate, put on different clothing and more, before he was ultimately placed into custody for violating the OOP. The handcuffs were double locked and checked for proper fit.

Ofc. Hill and I escorted Andrei to my squad car, at which time I activated my camera system. Due to Andrei's uncooperativeness, paramedics read Andrei's refusal to him, and Lt. Nugent was required to sign on Andrei's behalf.

I transported Andrei to the station for processing which occurred without incident. Andrei appeared via zoom for bond court and was given a \$5000 bond (D -10%) and subsequently transported to the Lake County jail.

CASE REPORT NARRATIVE

In Summary, I responded with Officers E. Sarat and D. Wojs. The complainant, Andrei Kisliak, stated to Central Dispatch there was a burglary in progress and a pickup truck was in the driveway. On arrival Officers observed a gray passenger car in the driveway, but no truck. Officers searched the area with negative results, and observed no apparent signs of forced entry. Officers then made contact with the current resident, Vera Kisliak, who stated there had been nobody at the house except for her and the kids. She had been gathering items and taking them out to the car.

I notified Andrei there had been no burglary and the family was safe. He proceeded to tell me I was lying and demanded to know what really happened. He then began yelling expletives and threatening to sue the department.
